Cost containment

To help reduce your costs and boost your bottom line, we’re constantly looking for ways to simplify your waste-handling processes and reduce your capacity—so you never pay for more than you need. And our use of performance metrics ensures you’ll be able to track and measure continuous improvements in cost-efficiency on an ongoing basis.

Customized service

Our on-site solid-waste evaluations allow us to tailor our services to your specific needs—from minimizing waste streams to developing turnkey recycling programs. Our customized approach allows us to avoid work disruptions and ensure you have the most appropriate waste containers.

Environmental Compliance

At Veolia ES – Solid Waste, we are meticulous about complying with today's complex and changing environmental regulations. We'll partner with you every step of the way to ensure proper handling and disposal of your waste—so you can spend less time worrying about compliance or inefficiency issues and more time being productive.

High standards

Exemplifying the highest ethical and environmental standards, our corporate values at Veolia ES include improving environmental stewardship. We put these principles to work every day to make our communities better places in which to live and work.
